Questions for All Applicants

Your responses to the questions below provide the selection panel with a better sense of who you are, what matters to you, what your goals and aspirations are and how the 2020 Apprentice Circle might support you. Formal essays are not required, however there is a **500 word maximum for each question**. All applicants are asked to complete all four questions. You are welcome to submit your responses in written form (word document) or through another medium such as a video or audio recording, narrated Powerpoint or Adobe Spark, photographs with captions and/or stories. **Please note that if you are submitting a video, it will need to be posted online with the link provided in your application.**

Question 1. Please tell us about a situation in which you applied what you learned in Leadership 2020 to challenge, shift, enhance or change something within your work, organization, community or family. What did you sense was needed? How did you apply your 2020 learning? How did it work out? (Note: successes and failures are equally interesting!)

Question 2: What is one thing that you learned during 2020 that you are hoping to deepen through your participation in this program? Why is this important to you? What will it help you do or be?

Question 3: How will your participation benefit your sponsoring organization? What do you hope to contribute?

Question 4: How might your participation benefit your community or area of practice? What do you hope to contribute? If you have any early ideas for community social impact initiatives, please share!
