

SPONSORSHIP GUIDE

2017-2018

THE FEDERATION
of COMMUNITY SOCIAL SERVICES *of* BC

Altogether better.

WHY SPONSOR FEDERATION EVENTS?

The Federation of Community Social Services of BC hosts three conferences each year: a Social Policy Forum in Victoria (February), an Emerging Issues Conference in Penticton (June) and a Professional Development Conference in Richmond (October). Each conference coincides with a Federation General Meeting and brings together between 100-300 social services sector participants from across the province. Sponsoring these conferences allows organizations to present themselves and their services or products to a valuable demographic while affirming a commitment to healthy communities across British Columbia.

The Federation represents a fast-growing membership of over 130 agencies who provide support to individuals and communities across BC. Our member agencies span the entire province and offer a broad range of services to communities, people living with physical and mental challenges, vulnerable children, youth and seniors, new immigrants, people living with addictions and/or mental health issues, and those living in poverty.

Since 1982, we've been strengthening and supporting our members and BC's community service sector by networking, exchanging information, building skills, and by consistently bringing a balanced perspective to discussions with provincial and national decision makers.

We connect the dots between ideas, research, and practices from around the world and promote the need for such knowledge within BC's social services. Members, network partners, government, and other key stakeholders rely on us to provide accurate, current, and useful information about the issues facing our sector today and in the future.

The Federation's conference partners also include representatives from provincial government, universities, other non-profits, and Aboriginal and First Nations organizations. We value and are extremely proud of these connections.

Sponsorship options are presented for single or multiple conferences and at various price points customized to fit your marketing budgets. We'll help you connect with community social services agency executives, decision-makers and professionals from all over British Columbia!
