

FEDERATION GENERAL INSURANCE PROGRAM

The Federation of Community Social Services of BC provides valuable tools and support to social services agencies across the province. In partnership with Megson FitzPatrick Insurance, an insurance program has been developed which provides its members and other social services agencies with coverage that assist in mitigating a wide variety of potential risks.

The Federation General Insurance Program (FGIP) has been designed to provide comprehensive coverage, including competitive rates and numerous optional coverages, with all the flexibility of a customized risk management program.

In addition to the customary coverages that non-profit organizations require, the program includes valuable coverage options that often aren't covered under a general liability or property program.

For more information on the FGIP, please contact Erin FitzPatrick at erin.fitzpatrick@megsonfitzpatrick.com or 1.888.595.5212.
